ABSTRACT

The 21-item annotated bibliography provides a comprehensive guide to resource materials, research findings, and developments related to information services and Mexican Americans. The materials, published between 1964 and 1974, are drawn from issues of "Resources in Education" (RIE) and "Current Index to Journals in Education" (CIJE). Both RIE and CIJE citations appear in numerical order according to their ERIC accession number. RIE citations contain an abstract along with such information as the author(s), title, source(s), publication date, and ERIC Document Reproduction Service (EDRS) prices or an alternate availability. CIJE citations include brief annotations when it is thought the article cannot be adequately described by the descriptors, identifiers, and information in the title. Each citation includes the publication date, article title, author(s), journal title, and information on the volume, number, and pages. Entries cover such topics as bilingual education, English as a Second Language, information systems, information services, library services, information dissemination, information processing, resource centers, educational improvement, international education, and educational legislation. A list of the 16 ERIC clearinghouses and their respective scopes is included. (NQ)

Purpose and Scope of ERIC

The Educational Resources Information Center (ERIC) is a federally funded national information system dedicated to the improvement of education through the dissemination of educational resources and research-related materials. ERIC aids school administrators, teachers, researchers, information specialists, professional organizations, students, and others in locating and using educational resources.

To achieve this purpose, the ERIC system processes documents for announcement in Resources in Education (RIE), a monthly publication containing abstracts of research, research-related reports, and resource materials in education. In addition, ERIC compiles the Current Index to Journals in Education (CIJE), a monthly index which draws from over seven hundred journals, quarterlies, annuals, and yearbooks.

There are numerous complete microfiche collections of ERIC materials throughout the nation which may be used by the public. A list containing the locations of these standing orders may be obtained from ERIC Processing and Reference Facility, 4833 Rugby Avenue, Suite 303, Bethesda, Maryland 20014.

Each of the ERIC network of clearinghouses has a particular area or scope of education. It is the responsibility of this Clearinghouse, the Clearinghouse on Rural Education and Small Schools (CRESS), to gather materials related to rural education, small schools, the American Indian, the Mexican American, the migrant and outdoor education and to input these materials into the national ERIC system. For information concerning other individual Clearinghouses and their respective scopes, consult the list at the back of this publication.

About the Bibliography

Scope and Sources

This bibliography provides a comprehensive guide to resource material, research findings, and developments related to Information Services and Mexican Americans. This is a Selected Topics Bibliography which is issued to cover a particular subject; it is not to be confused with the bibliographies issued annually covering the six scope areas of ERIC/CRESS. The bibliography is drawn from issues of Resources in Education and Current Index to Journals in Eduation.

Terms

Two types of descriptive terms are used for RIE and CIJE: descriptors and identifiers. Descriptors are technically meaningful words or phrases contained in the Thesaurus of ERIC Descriptors. They are used to characterize, to index, and to retrieve documents.

Proper names of persons, geographical locations, trade names, and so on may also be important in describing a document. These terms, called identifiers are included with the citations for descriptive purposes, but they are not to be found in the Thesaurus.

The terms used to conduct this bibliographical search of ERIC tapes were Information Services, Mexican American, Chicano, or Spanish.

Organization of the Bibliography

Each citation in the bibliography is headed by an ERIC accession number. Entries from RIE are assigned an ED number; those from CIJE are assigned an EJ number. Both RIE and CIJE citations appear in numerical order according to the accession number. Please note that the citations proceed from the most recent to the oldest in that order and the citation numbers, consequently, go down rather than up.

Resources in Education Citations

RIE abstracts contain subject, author, and institution indexes, along with document resumes which include the ERIC accession number, author(s), title, source(s), date of publication, ERIC Document Reproduction Service (EDRS) prices or an alternate availability and the abstract. If the reader finds a citation of particular interest, he may obtain a microfiche or hard copy reproduction of the document from ERIC Document Reproduction Service.

Current Index to Journals in Education Citations

CIJE abstracts are prepared differently than RIE abstracts. They have brief notations rather than the lengthier RIE abstracts and these notations are only provided when it is thought the article cannot be adequately described by a combination of major and minor descriptors, identifiers and information in the title. Each journal citation includes the publication date, article title, personal author(s), journal title (sometimes abbreviated), and information on the volume, number, and pages. CIJE entries are not available from ERIC Document Reproduction Service; therefore, the reader is encouraged to take advantage of his local library in locating the journal he wishes to use.

Persons desiring to contribute materials such as those cited in this bibliography may do so by sending one copy (two if available) to:

AB - THIS PROJECT WAS CONCEIVED TO SCIENTIFICALLY FACTOR THE ELEMENTS OF IMPORTANCE AND THEN TO FORMULATE LIBRARY SYSTEMS CONCEPTS THAT WOULD HAVE SHORT AND LONG RANGE MEANING TO THE MEXICAN AMERICAN COMMUNITY. A THREE PHASE PROGRAM WAS INITIATED TO ACHIEVE THESE OBJECTIVES. THE FIRST PHASE WAS A SEVEN GROUP SURVEY TO DETERMINE (1) HOW MANY MEXICAN AMERICANS USE LIBRARY FACILITIES, (2) WHAT ELEMENT OF THE POPULATION THEY REPRESENT, (3) WHAT BENEFITS THEY DERIVE FROM THE SYSTEM AND (4) WHAT SOCIO-ECONOMIC FACTORS AFFECT LIBRARY USAGE IN THE MEXICAN AMERICAN COMMUNITY. THE SEVEN SURVEYS INCLUDED: (1) USERS OF LIBRARIES, (2) NON-USERS OF LIBRARIES, (3) TOP LEVEL ADMINISTRATORS OF PUBLIC LIBRARIES, (4) WORKING LIBRARIANS OF PUBLIC LIBRARIES, (5) TOP LEVEL ADMINISTRATORS OF PUBLIC AND PAROCHIAL SCHOOLS, (6) WORKING LIBRARIANS OF PUBLIC AND PAROCHIAL SCHOOLS AND (7) ADMINISTRATORS OF COMMUNITY/JUNIOR COLLEGES. THE SECOND PHASE CONSISTED OF ANALYZING THE DATA OF THE SURVEYS TO DETERMINE THE CITY DEMOGRAPHIC DIFFERENCES OR THE PERSONAL MEXICAN AMERICAN ATTRIBUTES THAT WERE CAUSAL EFFECTS IN LIBRARY USAGE AND NON-USAGE. THE THIRD PHASE EXTENDED THE KNOWLEDGE DERIVED FROM THE SURVEYS TO ANTICIPATE NEAR TERM AND LONG TERM COMMUNITY REQUIREMENTS AND THE LIBRARIES' POSSIBLE RESPONSE AND PARTICIPATION IN THESE NEEDS.
